# Management responsibilities

## 2. Management responsibilities

### 2.1 FTSE International Limited (FTSE)

2.1.1 FTSE is the benchmark administrator of the index<sup>1</sup>.

2.1.2 FTSE Russell is responsible for the daily calculation, production and operation of the index, and will:

- maintain records of the index weightings of all constituents;

### 2.2 Amendments to these Ground Rules

2.2.1 These Ground Rules shall be subject to regular review (at least once a year) by FTSE Russell to ensure that they continue to best reflect the aims of the index series. Any proposals for significant amendments to these Ground Rules will be subject to consultation with FTSE Russell advisory committees and other stakeholders if appropriate. The feedback from these consultations will be considered by the FTSE Russell Index Governance Board before approval is granted.

2.2.2 As provided for in the Statement of Principles for FTSE Russell Equity Indices, where FTSE Russell determines that the Ground Rules are silent or do not specifically and unambiguously apply to the subject matter of any decision, any decision shall be based as far as practical on the Statement of Principles. After making any such determination, FTSE Russell shall advise the market of its decision at the earliest opportunity. Any such treatment will not be considered as an exception or change to the Ground Rules, or to set a precedent for future action, but FTSE Russell will consider whether the Ground Rules should subsequently be updated to provide greater clarity.

<sup>1</sup> The term administrator is used in this document in the same sense as it is defined in [Regulation \(EU\) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds](#) (the European Benchmark Regulation) and [The Benchmarks \(Amendment and Transitional Provision\) \(EU Exit\) Regulations 2019](#) (the UK Benchmark Regulation).

- 6.3.4 Index weighting is applied using prices adjusted for corporate actions at the close of business on the second Friday in March and September. Index weighting is implemented after the close of business on the third Friday (i.e. effective the following Monday) of March and September based on the constituents' shares in issue and free float on the Monday following the third Friday of the review month.

# Corporate actions and events

## 8. Corporate actions and events

- 8.1 Full details of changes to constituent companies due to corporate actions and events can be accessed in the Corporate Actions and Events Guide for Market Capitalisation Weighted Indices using the following link:

[Corporate Actions and Events Guide.pdf](#)

A corporate action is an action on shareholders with a prescribed ex-date. The share price will be subject to an adjustment on the ex-date. These include the following:

- capital repayments;
- rights issues/entitlement offers;
- stock conversion;
- splits (sub-division)/reverse splits (consolidation); and
- scrip issues (capitalisation or bonus issue).

A corporate event is a reaction to company news (event) that may impact the index depending on the index rules. For example, a company announces a strategic shareholder is offering to sell their shares (secondary share offer) – this could result in a free float weighting change in the index. Where an index adjustment is required, FTSE Russell will provide notice advising of the timing of the change.

### 8.2 Shares in issue

Changes to the number of shares in issue for constituent securities are covered in the Corporate Actions and Events Guide.

- 8.3.2 If a constituent of the FTSE Ping An China A Free ESG Index Series acquires a non-constituent, the resulting entity will remain a constituent of the index.
- 8.3.3 If an existing constituent is acquired by a non-constituent, the resulting entity will be deleted from the FTSE Ping An China A Free ESG Index Series. The eligibility of the resulting entity will be assessed in full at the next semi-annual review occurring at least 6 months after the takeover.
- 8.3.4 If a constituent splits and forms two or more companies and any of the new entities are retained in the FTSE China A Free Index, those new entities will be retained in the FTSE Ping An China A Free ESG Index Series. The eligibility of the resulting companies will be assessed in full at the next semi-annual review occurring at least six months after the demerger.

8.3.5 FTSE Russell may, in exceptional circumstances, convene a special meeting to advise on the eligibility of corporate entities arising from corporate events where these events give rise to immediate concern as to the eligibility of the resulting companies in FTSE Ping An China A Free ESG Index Series. FTSE Russell may determine that the circumstances are such that one or more of the resulting companies will be ineligible for inclusion in the FTSE Ping An China A Free ESG Index Series.
