

Russell 2000 Index – Factsheet

v1.3

**FTSE
RUSSELL**

An LSEG Business

Provided in the context of qualified indices under section 871(m) of the US Internal Revenue Code

§1.871-15(l)(3) paragraph	Russell 2000 Index, data as of 30 December 30
i. References 25 or more component securities (whether or not the security is an underlying security).	Constituents: 1,950
ii. Except as provided in paragraph (l)(6)(ii) of this section, references only long positions in component securities.	Number of index constituents with negative weights: N/A
iii. References no component underlying security that represents more than 15% of the weighting of the component securities in the index.	Largest single security (weight%): Halozyme Therapeutics (0.332%) x (%)
iv. References no five or fewer component underlying securities that together represent more than 40% of the weighting of the component securities in the index.	Number of securities representing top 40% weight: 235
v. Is modified or rebalanced only according to publicly stated, predefined criteria, which may require interpretation by the index provider or a board or committee responsible for maintaining the index.	The Russell 2000 Index methodology can be found within the Russell US Equity Index Construction and Methodology document, which is publicly available at: research.ftserussell.com/products/downloads/Russell-US-indexes.pdf
vi. Did not provide an annual dividend yield in the immediately preceding calendar year from component underlying securities that is greater than 1.5 times the annual dividend yield of the S&P 500 Index ¹ as reported for the immediately preceding calendar year.	Annual dividend yield: 1.5444
vii. Is traded through futures contracts or option contracts (regardless of whether the contracts provide price only or total return exposure to the index or provide for dividend reinvestment in the index) on: A. a national securities exchange that is registered with the Securities and Exchange Commission or a domestic board of trade designated as a contract market by the Commodity Futures Trading Commission (CFTC); or B. a foreign exchange or board of trade that is a qualified board or exchange as determined by the secretary pursuant to section 1256(g)(7)(C) or that has a staff no action letter from the CFTC permitting direct access from the United States that is effective on the applicable testing date, provided that the referenced component underlying securities, in the aggregate, comprise less than 50% of the weighting of the component securities in the index.	Futures contracts on the index are listed on CME. Options contracts on the index are listed on CBOE. www.ftserussell.com/index/index-linked-products/derivatives

¹ Index users should independently verify the annual dividend yield of the S&P 500 Index to confirm this requirement.

All information and data contained in this publication is obtained by the LSE Group, from sources believed by it to be accurate and reliable. Because of the possibility of human and mechanical error as well as other factors, however, such information and data is provided "as is" without warranty of any kind. No member of the LSE Group nor their respective directors, officers, employees, partners or licensors make any claim, prediction, warranty or representation whatsoever, expressly or impliedly, either as to the accuracy, timeliness, completeness, merchantability of any information or of results to be obtained from the use of FTSE Russell indexes or the fitness or suitability of the FTSE Russell indexes for any particular purpose to which they might be put. Any representation of historical data accessible through FTSE Russell indexes is provided for information purposes only and is not a reliable indicator of future performance.

No responsibility or liability can be accepted by any member of the LSE Group nor their respective directors, officers, employees, partners or licensors for (a) any loss or damage in whole or in part caused by, resulting from, or relating to any error (negligent or otherwise) or other circumstance involved in procuring, collecting, compiling, interpreting, analysing, editing, transcribing, transmitting, communicating or delivering any such information or data or from use of this document or links to this document or (b) any direct, indirect, special, consequential or incidental damages whatsoever, even if any member of the LSE Group is advised in advance of the possibility of such damages, resulting from the use of, or inability to use, such information.

No member of the LSE Group nor their respective directors, officers, employees, partners or licensors provide investment advice and nothing contained in this document or accessible through FTSE Russell indexes, including statistical data and industry reports, should be taken as constituting financial or investment advice or a financial promotion.

No part of this information may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without prior written permission of the applicable member of the LSE Group. Use and distribution of the LSE Group data requires a licence from FTSE, Russell, FTSE Canada, FTSE FI Europe, FTSE FI, YB, BR, and/or their respective licensors.

About FTSE Russell

FTSE Russell is a leading global index provider, creating and managing a wide range of indexes, data and analytic solutions to meet client needs across asset classes, style and strategies. Covering 98% of the investable market, FTSE Russell indexes offer a true picture of global markets, combined with the specialist knowledge gained from developing local benchmarks around the world.

FTSE Russell index expertise and products are used extensively by institutional and retail investors globally. For over 30 years, leading asset owners, asset managers, ETF providers and investment banks have chosen FTSE Russell indexes to benchmark their investment performance and create investment funds, ETFs, structured products and index-based derivatives. FTSE Russell indexes also provide clients with tools for asset allocation, investment strategy analysis and risk management.

A core set of universal principles guides FTSE Russell index design and management: a transparent rules-based methodology is informed by independent committees of leading market participants. FTSE Russell is focused on index innovation and customer partnership applying the highest industry standards and embracing the IOSCO Principles. FTSE Russell is wholly owned by London Stock Exchange Group.
